

### Quality Management Scope

Providing program management and specialized services to government and commercial clients to include: General Technical Analysis, Doctrine and Training Development, Instructional Support, Force Modernization, Test and Evaluation, Modeling and Simulations, Information Technology, Environmental and Manpower Staffing.

All elements of ISO 9001:2015 apply, with the exception of the following:

7.1.5.2	Measurement Traceability	There is no measuring equipment within the company.
8.3	Design and Development of Products and Services	The D&D of the product and/or service is defined by the client prior to execution of a contract.
8.5.2	Identification and Traceability	Each product is developed specifically for the customer. We cannot ID and trace customer property.
8.5.4	Preservation	We do not ID or trace customer property (see above) and do not provide a "product" to preserve.
